**ORGANIZATIONAL SETTING AND REPORTING:**

This post is located in the Engineering and Facilities Management unit within the Mission Support Service of the United Nations Support Mission in Libya (UNSMIL). The post is in Tripoli, Libya. The incumbent will be under the overall supervision of the Chief Engineer.

On 30 September 2021, the Security Council renewed the mandate of United Nations Support Mission in Libya (UNSMIL) until 31 January 2022, through resolution 2599 (2021). The Security Council has tasked UNSMIL, as an integrated special political Mission, in full accordance with the principles of national ownership, to exercise mediation and through its good offices to: (i) further an inclusive political process and security and economic dialogue; (ii) further the continued implementation of the Libya Political Agreement; (iii) help consolidate the governance, security and economic arrangements of the Government of National Accord, including support for economic reform in collaboration with international financial institutions; (iv) help to achieve a ceasefire and, once it is agreed by the Libyan parties, provide appropriate support to its implementation; (v) support subsequent phases of the Libyan transition process, including the constitutional process and the organization of elections; (vi) coordinate and engage closely with international actors including neighboring countries and regional organizations; (vii) provide support to key Libyan institutions; (viii) support, on request, the provision of essential services and delivery of humanitarian assistance, including in response to the COVID-19 pandemic, in accordance with humanitarian principles; (ix) monitor and report abuses and violations of human rights and violations of

international humanitarian law, including sexual violence in conflict, notably through the effective deployment of women and child protection advisers; (x) provide support in securing uncontrolled arms and related materiel and countering their proliferation; and (xi) co-ordinate international assistance, and provision of advice and assistance to Government-led efforts to stabilize post-conflict zones, including those liberated from Da'esh. The Security Council, through resolution 2570 (2021), tasked UNSMIL to provide support to the Libyan-led and Libyan-owned ceasefire monitoring mechanism including through the facilitation of confidence-building measures and the scalable and incremental deployment of UNSMIL ceasefire monitors.

**JOB DESCRIPTION:**

Within the limit of the delegated authority, the incumbent will be responsible of the following tasks:

- Provide administrative assistance of Chief of section regarding the ongoing projects in the mission,
- Establish plans for carrying out projects as requested, considering manpower, supplies and time required;
- Distribute the tasks to different staff and contractors involved;
- Contacting the different offices for supplies and services required and coordinating the resources;
- Monitoring the ongoing process, and working out the difficulties in the process;
- Provide logistics support to the mission HQ, Chief of staff, military and civilian on behalf of general services;
- Review incoming request and prioritize the tasks to be accomplished together with the supervisor;
- Check the areas concerned and advise the relevant staff to provide the required maintenance;
- Prepare SOR for the various requirement in the section related to construction, maintenance services and for good requirement in the section;
- Coordinate with Procurement unit to finalize the contract;
- Conduct inspection of the good and service ensuring the requirement are met;
- Review and supervise the work provided by the contractor in accordance with the need of the mission;
- Review areas that need more attention other than the routine daily work for cleaners and advising their foreman on schedules in the cases of meetings, conference functions, moving offices or conducting maintenance work in some offices;
- Signing the correct invoices that services are satisfactorily rendered prior to certifying them by the chief of section;
- Provide logistics support in case of emergency and evacuation;
- Keep record of the engineering inventory;
- Perform diagnostics and preventive maintenance, resolve basic engineering problems and inspect quality of work and work performance;
- Inspect and report on construction project work and maintenance work carried out either by contractors or tradesmen and staff under supervision and ensure proper utilization of available resources;
- Assist in the preparation of cost estimates for infrastructure projects and maintenance programmes;
- Assist in preparation of bills of quantities and costing for infrastructure projects. Resolve problems; inspect quality of work and work performance;
- Perform other duties as assigned by the supervisor or the Chief of Section/Unit.

**COMPETENCIES:**

**Professionalism:** Shows pride in work and in achievements; demonstrates professional competence and mastery of subject matter; is conscientious and efficient in meeting commitments, observing deadlines and achieving results; is motivated by professional rather than personal concerns; shows persistence when faced with difficult problems or challenges; remains calm in stressful situations. Commitment to implementing the goal of gender equality by ensuring the equal participation and full involvement of women and men in all aspects of work.

**Teamwork:** Works collaboratively with colleagues to achieve organizational goals; Solicits input by genuinely valuing others' ideas and expertise, is willing to learn from others; Places team agenda before personal agenda; Supports and acts in accordance with final group decision, even when such decisions may not entirely reflect own position; Shares credit for team accomplishments and accepts joint responsibility for team shortcomings.

**Client Orientation:** Considers all those to whom services are provided to be "clients" and seeks to see things from clients' point of view; Establishes and maintains productive partnerships with clients by gaining their trust and respect; Identifies clients' needs and matches them to appropriate solutions; Monitors ongoing developments inside and outside the clients' environment to keep informed and anticipate problems; Keeps clients informed of progress or setbacks in projects; Meets timeline for delivery of products or services to client.
